**Subject: Request for Feedback – Family Survey**

Dear Parent/Guardian,

School Development Surveys are conducted annually to gather feedback from students, staff, and parents/guardians to inform the school development process. The survey results will be provided to your child's school and used with other data to identify the school's strengths and challenges. Your child's school will then create and implement a plan to build on successes and address areas of challenge.

The survey is anonymous, which means that we cannot connect your survey responses to you. We encourage everyone to participate so that we have the most accurate representation of family perceptions at your school.

Please complete the Family Survey by **May 23, 2018** by clicking on the following link: <https://www.research.net/r/SDFamily1718EN>. If you do not have internet access, you may contact your school to arrange access to a school computer or mobile device for survey completion.

If you have any questions or concerns regarding the school development surveys, please contact:
